

# YOU DON'T HAVE TO BE ONE OF BUSH'S STUPID SUPPORTERS

## THIS MODERN WORLD

by TOM TOMORROW

### SUPPORT FOR BUSH MEANS YOU BELIEVE:

- A record deficit economy losing high paying jobs is an economy on the right track.
- The Iraq war, sold on lies and fear, was okay ... You don't mind that 1000+ American lives have been wasted in Iraq, tens of thousands of innocent civilian Iraqis were killed, and we'll have spent over \$200Bn. to have removed Saddam from power, even though he had no WMDs and most all states are still broke.
- It's okay to protect polluters as long as they contribute to the Bush campaign. Pollution doesn't bother me.
- The level of secrecy in the Bush Administration is good for a democracy and shouldn't be feared.

- **The Bush Administration, ignoring threats of terrorism prior to 9/11, still not protecting chemical plants, and allowing bin Laden to roam free has done a good job protecting us from terrorists.**
- **The Patriot Act II won't take away anyone's freedoms and civil liberties.**
- **It's okay if Bush went AWOL from the Guard and used family connections to avoid the draft, but it's not okay that Kerry protested an immoral war after returning from Vietnam.**
- **It's okay to keep giving tax cuts to the richest Americans even though this is THE reason for the massive record deficits. My children and I won't mind repaying for all this in the future.**
- **The U.S. doesn't need allies or the UN's help fighting the war on terror.**
- **That despite what every foreign policy and military expert is saying about the mismanagement of the war in Iraq and the incompetence of Bush in handling the war, they are all lying and one should trust Bush instead.**
- **It's okay if Bush lies but it's not okay if Kerry changes his mind after more deliberation on a subject.**
- **That despite the fact that Iraq and Saddam had nothing to do with 9/11, I still would prefer to believe otherwise.**
- **That Bush is just a regular guy like me despite having gone to an eastern private prep school, Ivy League colleges, and being a member of a wealthy elitist family with a summer home in Maine.**
- **That Bush was a successful person before he became president and the Bush family is full of clean, honest-living, religious folk.**
- **That Bush's character with his long history of drinking and drug use, drunk driving, going AWOL from the Reserves, and insider trading at Harken Energy, is still preferable to Kerry's, whose past includes none of these things.**
- **That Bush isn't aligned with right-wing religious fundamentalists who determine and affect many of his policies.**
- **It doesn't matter that U.S. energy policy was drafted behind closed doors with Cheney, Enron's Ken Lay and other energy execs.**
- **That there is less terrorism today in the world because of Bush's policies and the Iraq War.**
- **That it's much better if Bush never apologizes for making wrong decisions, never changes his mind when he's wrong, and never replaces people who have made serious mistakes in his Administration, because that means he's a strong leader.**
- **That Kerry will outlaw the Bible if he gets elected.**
- **That most Americans are better off today than four years ago.**
- **Bush knows I am stupid because he can keep repeating the same lies over and over again knowing that I will trust him to tell me the truth.**
- **Even though the Swift Boat ads and their supporters were discredited by everyone including ABC's Nightline who went to**

**Vietnam and interviewed villagers who backed up Kerry's version of the truth, I still believe those "Swift Boat" ads anyway because then I don't have to face up to the truth that Americans died for nothing in Vietnam.**

- **Instead of questioning how Bush could invade a country that didn't pose any threat to us sending soldiers to die in a war based on lies, I would rather put an American flag sticker or a yellow ribbon on my car to show that I am a loyal American...because it makes me feel better.**

**IF YOU BELIEVE AND/OR AGREE WITH MOST OF THE ABOVE, YOU ARE JUST THE TYPE OF MIS-INFORMED PERSON BUSH NEEDS TO STAY IN OFFICE.....**
